GIF Regular Program – Evaluation Form

Application number:

Reviewer name:

Institution:

Email address:

Dear Reviewer,

We thank you for accepting our invitation to review this proposal submitted to the GIF in the framework of the Regular Program.

The review includes 3 sections (and an additional optional part (part 4))

PART 1 - Detailed written Evaluation of the proposal (**will BE sent to the applicants**)

PART 2 - Grading of the proposal (i.e. Numeric Evaluation) (**for internal use, NOT to be sent to the applicants**)

PART 3 - Final Recommendation (**for internal use, NOT to be sent to the applicants**)

PART 4 - Special Note to the Advisors (**will NOT be sent to the applicants**)

The competition in the GIF is fierce; each proposal is evaluated within its committee and compared to the others, this is done based on the peer review and the 3 sections mentioned above. We kindly ask you to fill in all parts of the evaluation form.

Please note:

Although parts of the evaluation will be sent to the applicants (as specified above) as GIF's policy is to handle a transparent procedure, and also to allow the applicants to improve their proposal when resubmitting it, **your identity will be kept confidential.**

We kindly ask you to fill in all parts of the evaluation.

In the name of the GIF board, we thank you for your time and efforts invested,

GIF Team.

PART 1- Detailed Evaluation (This part **will BE sent** to the applicants)

In your detailed evaluation, please attend to the following points:

1. Originality & innovation
2. Importance & implications
3. Adequacy of methods
4. Suitability of investigators' scientific background to the project
5. Mode of cooperation between the teams
6. Budget
 - Adequacy of overall budget
 - Adequacy of salary
 - Budget Equipment (if applicable): Is the specified equipment, in all its parts, essential for the project?
7. Summary (strengths / weaknesses) of the proposal

Please enter your evaluation in the box below (This part **will BE sent to the applicants**)

The length of the text is unlimited (the box has a dynamic size that is capable of containing any length of text)

PART 2 – Numeric Evaluation (This part **will NOT be sent** to the applicants)

Please indicate your grading for each of the following criteria (i.e. evaluation item) on a scale of 1 (low) to 100 (high). Please insert your grade in the **pink column** (My grade). The weighted grade is a calculation of Weight X Grade. Please note **the weight of each criterion cannot be changed** as it is an equal weight criteria to all applicants.

Criteria	Weight (%) (Do not Change)	My Grade (1-100)	Weighted grade (Weight X My Grade)
Originality & innovation	35%		0
Adequacy of methods	20%		0
Suitability of investigators' scientific background to the project	20%		0
Mode of cooperation between the teams	25%		0
TOTAL	100%		0

PART 3 - Final Overall Recommendation (this part **will NOT be sent** to the applicants):

Please check one box ONLY:

- Outstanding** – Highly recommended for funding
- Excellent** – Recommended for funding
- Very Good** – Recommended for funding if budget permits
- Good** – Not recommended for funding in its present form
- Weak** – Major changes are required

PART 4 – special Note (this part **will NOT be sent** to the applicants):

This part is optional. Here you can write a special note to the GIF advisors. Please feel free to write your additional thoughts and comment in the box below. The length of the text is unlimited (the box has a dynamic size that is capable of containing any length of text)

Please send us back your filled evaluation by mail to: tali.rosenbaum@gif.org.il.

We thank you and wish you much success in your academic work,

GIF Team.
