GIF Young scientists' Program – Evaluation Form

Application number:

Reviewer name:

Institution:

Email address:

Dear Reviewer,

We thank you for accepting our invitation to review this proposal submitted to the GIF in the framework of the Young Scientists' Program.

The review includes 3 sections (and an additional optional part (part 4))

PART 1 - Detailed written Evaluation of the proposal (**will BE sent to the applicant**)

PART 2 - Grading of the proposal (i.e. Numeric Evaluation) (**for internal use, NOT to be sent to the applicant**)

PART 3 - Final Recommendation (**for internal use, NOT to be sent to the applicant**)

PART 4 - Special Note to the Advisors (**will NOT be sent to the applicant**)

While evaluating the proposal we ask you to keep in mind the following:

1) Although parts of the evaluation will be sent to the applicants, as GIF's policy is to handle a transparent procedure, and also to allow the applicants to improve their proposal when resubmitting it, your identity will be kept confidential.

2) No previous or current connections with scientists from the partner country are required. In the contrary, the aim of this program is to create connections and infrastructure with potential collaborators in order to later on apply jointly to the GIF Regular Program.

3) A visit of a minimum of one week to the partner country is mandatory.

4) The applicant is doing the first steps in the academia.

5) The competition in the GIF is fierce; each proposal is evaluated within its committee and compared to the others, this is done based on the peer review and the 3 sections mentioned above. We kindly ask you to fill in all parts of the evaluation form.

In the name of the GIF board, we thank you for your time and efforts invested,

The GIF team.
